## 2016 Full Line Catalog and Price Book

Handleset  
**990**  
*Shown in US10B*

# Bravura

There is something about the feel of solid, forged-brass that can't be duplicated.

It's heavy and strong, yet smooth and comfortable in your hand. That is why Bravura uses solid forged-brass (never cast, hollow, or stamped) throughout its Forged Series product line.

To enhance the beauty of the forged-brass, skilled Bravura artisans hand-finish each lever, knob, trim, and handleset to a luxurious finish that is both beautiful and durable. Turning a Bravura forged-brass lever or knob gives you the sense they could last for centuries, just like the European designs that inspired them.

*Providing Long Lasting Quality You Can Feel.*

Entrance (keyed) \$675

Bravura UL-listed mortise locks offer the durability and security that only a Grade 1 mortise lock can provide.

They are available in all normal lock functions, and can provide simultaneous retraction (emergency egress) if specified. Installation is via an extra-strong through-bolt system.

Any Bravura Lever or Knob can be used on Interior Trims

Mortise Interior Escutcheons only available as shown with above corresponding Handlesets

Finish Options Listed are for Mortise Escutcheons Only
